FORTBRAND SERVICES, INC., ANNOUNCES SALE OF TWO PRINOTH SW4S VEHICLES AND RENTAL OF ONE PRINOTH HUSKY VEHICLE TO THE MASSACHUSETTS PORT AUTHORITY

Plainview, New York, December 15, 2015

Fortbrand Services today announced the sale of two (2) Prinoth SW4S year round landside/airside utility vehicles to the Massachusetts Port Authority (Massport) for use at Logan International Airport (BOS), increasing BOS's SW4S fleet to a total of three. The SW4S provides superior winter performance and four season versatility.

Fortbrand also entered into a rental agreement with the Massport for use of the Prinoth Husky, a high-performance snow groomer, which BOS will use to keep its ILS and NAVAID areas clear of snow.

Winter attachments for the SW4S include a heavy duty snow blade, heavy duty snow blower, V-plow, and rear mounted salt and sand spreaders, among others. Landside uses include terminal and sidewalk snow removal, clearing of bus stops and removal of snow in hard to clear tight spaces. Airside uses include areas close to terminals and around boarding bridges.

Summer attachments include an angle broom, tiller, rakes and mowers, among others, equally applicable to landside and airside uses.

Massport has equipped the SW4S with the following attachments for use in landside winter operations:

- Endless rubber track
- Push frame
- Heavy duty V-plow
- Heavy duty snow blower
- Extended snow chute
- High flow hydraulics

Fortbrand Services is a niche business specializing in the sale, lease and rental of aircraft ground support equipment throughout the aviation industry. The Company also acts as a distributor of unique aviation and airfield maintenance equipment, including high-speed Vmmas snow removal vehicles, the Hagie GST 20 multi-season airport vehicle, the Beam A9000 multi-task airport service vehicle, the Bergkamp FP5 flameless pothole patcher and the Prinoth SW4S all season snow removal and summer maintenance vehicle.
