FORTBRAND SERVICES, INC., ANNOUNCES DELIVERY OF PRINOTH SW4S TO THE MASSACHUSETTS PORT AUTHORITY

Plainview, New York, May 1, 2014

Fortbrand Services announced today its initial sale of the Prinoth SW4S year round landside/airside utility vehicle to the Massachusetts Port Authority for use at Logan International Airport (BOS). The SW4S provides superior winter performance and four season versatility.

Winter attachments include a heavy duty snow blade, heavy duty snow blower, V-plow, and rear mounted salt and sand spreaders, among others. Landside uses include terminal and sidewalk snow removal, clearing of bus stops and removal of snow in hard to clear tight spaces. Airside uses include areas close to terminals and around boarding bridges.

Summer attachments include an angle broom, tiller, rakes and mowers, among others, equally applicable to landside and airside uses.

Massport has equipped the SW4S with the following attachments for use in landside winter operations:

- Endless rubber track
- Push frame
- Heavy duty V-plow
- Heavy duty snow blower
- Extended snow chute
- High flow hydraulics

Fortbrand Services is a niche business specializing in the sale, lease and rental of aircraft ground support equipment throughout the aviation industry. The Company also acts as a distributor of unique aviation and airfield maintenance equipment, including high-speed Vmmas snow removal vehicles, the Hagie GST 20 multi-season airport vehicle, the Beam A9000 multi-task airport service vehicle, the Bergkamp FP5 flameless pothole patcher and the Prinoth SW4S all season snow removal and summer maintenance vehicle.
