FORTBRAND SERVICES, INC., AND AL-JON MANUFACTURING LLC ANNOUNCE THE DELIVERY OF ONE VAMMAS PSB 5500 MULTI-FUNCTION SNOW REMOVAL VEHICLE TO THE MASSACHUSETTS PORT AUTHORITY

Plainview, New York, February 15, 2014

Fortbrand Services, Inc., the exclusive North American distributor of the Vammas snow removal product line, and Al-jon Manufacturing LLC, manufacturer of the Vammas snow removal product line, today announced the delivery of one Vammas PSB 5500 multi-function snow removal vehicle to the Massachusetts Port Authority for use at Boston Logan International Airport (BOS).

The unit is the twelfth Vammas unit that the Massachusetts Port Authority has purchased since 1999. The unit has the latest Vammas technology, including the P8400 flexible polyethylene moldboard plow and a 46" wafer broom. "Fortbrand Services takes pride in the fact that Massport, as its taxiway and runway operation expands, continues to value the reliability and dependability of Vammas snow removal equipment," said Alan Stearn, Executive Vice President of Fortbrand Services.

Fortbrand Services is a niche business specializing in the sale, lease and rental of aircraft ground support equipment throughout the aviation industry. The Company also acts as a distributor of unique aviation and airfield maintenance equipment, including high-speed Vammas snow removal vehicles, the Hagie GST 20 multi-season airport vehicle, the Beam A9000 multi-task airport service vehicle, the Bergkamp FP5 flameless pothole patcher and the Prinoth SW4S all season snow removal and summer maintenance vehicle.
