**FORTBRAND SERVICES, INC., AND BEAM A/S ANNOUNCE THE ORDER OF ONE BEAM A9000 GLYCOL RECOVERY VEHICLE BY T. F. GREEN AIRPORT (PVD)**

Plainview, New York, December 15, 2015

Fortbrand Services, Inc., the exclusive North American distributor for Beam A/S, a Danish manufacturer of specialized, high performance airport sweepers and glycol recovery vehicles, announces the order of one (1) model A9000 Glycol Recovery Vehicle by T. F. Green Airport (PVD) in Providence, RI.

The A9000 GRV is a self-contained, one operator vehicle capable of performing a continuous, extended glycol recovery operation through the use of its high capacity, heated containment hopper. The working components are mounted on a U.S. manufactured chassis and are comprised of a heavy duty stainless steel hopper and detergent tanks. Primarily designed for glycol recovery, the A9000 GRV is also capable of performing the recovery of various liquids or debris through its full width, mid-mounted suction nozzles.

*Fortbrand Services is a niche business specializing in the sale, lease and rental of aircraft ground support equipment throughout the aviation industry. The Company also acts as a distributor of unique aviation and airfield maintenance equipment, including high-speed Vmmas snow removal vehicles, the Hagie GST 20 multi-season airport vehicle, the Beam A9000 multi-task airport service vehicle, the Bergkamp FP5 flameless pothole patcher and the Prinoth SW4S all season snow removal and summer maintenance vehicle.*
