FORTBRAND SERVICES, INC., ANNOUNCES THE UPGRADE OF CAN DISPLAY TECHNOLOGY IN TEN (10) VAMMAS PSB 5500 VEHICLES AT O'HARE INTERNATIONAL AIRPORT (ORD) AND LOGAN INTERNATIONAL AIRPORT (BOS)

Plainview, New York, July 1, 2016

Fortbrand Services, Inc., the exclusive worldwide distributor for the Vammas snow removal equipment product line, announced the installation of an upgrade of the CAN display technology in eight (8) Vammas PSB 5500 vehicles at ORD and two (2) Vammas PSB 5500 vehicles at BOS.

The upgrades convert the original version of the CAN display to the latest technology incorporated in the standard CAN display in new Vammas PSB 5500 vehicles. The upgrade provides for a fleet-wide standardization of the CAN display, enabling all equipment operators to be able to operate any Vammas PSB 5500 vehicle in the fleet.

Fortbrand Services is a niche business specializing in the sale, lease and rental of aircraft ground support equipment throughout the aviation industry. The Company also acts as a distributor of unique aviation and airfield maintenance equipment, including high-speed Vammas snow removal vehicles, the Hagie GST 20 multi-season airport vehicle, the Beam multi-task airport service vehicle and glycol recovery vehicle, the Bergkamp FP5 flameless pothole patcher and the Prinoth SW4S all season snow removal and summer maintenance vehicle.
