Sale/Lease Back  
Program

## Fortbrand can help you free up working capital.

A Fortbrand Sale Lease Back is an arrangement in which your airport or company sells an owned asset to us and leases back the same asset.

The most common users of sale lease backs are companies with high-cost fixed assets, like expensive Airport Maintenance Equipment (AME) and Ground Support Equipment (GSE).

# BENEFITS TO WORKING WITH FORTBRAND

Companies participate in sale lease back programs to utilize the cash they invested in an asset for other purposes, but they still need the asset to operate their business.

Fortbrand Services is committed to help our customers with their AME/GSE financial needs, through Fortbrand's exclusive Equipment Sale Lease Back program.

## **Single Investor**

Fortbrand has a single investor capital structure providing greater flexibility, ease of doing business, and transparency.

## **Specialized**

Fortbrand specializes in AME/GSE.

## **Knowledge**

We know and understand markets and can provide you with maximum valuation and pricing models.

## **Service**

Fortbrand can provide maintenance, service, and repairs to most leases.

## **Contract Experienced**

We understand the nature of our customer's contracts and how they operate.

## **The Fortbrand Advantage**

For over 35 years, Fortbrand has been providing rentals, leases, and sales of new and used AME/GSE. Collectively, our team of experts has over 150 years of aviation and financial experience. We understand your challenges and needs, and are committed to becoming your complete source for AME/GSE financial solutions.

## Fortbrand Services is your complete source for airfield equipment.

Since 1983 Fortbrand Services has been providing rentals, leases, and sales of new and used airport equipment to Airlines, Airports, Ground Handlers, De-icing Companies, FBO's, MRO's, Into-Plane Fuelers, and Catering Companies.

Specializing in two subtypes of airport equipment, Ground Support Equipment and Airfield Maintenance Equipment, Fortbrand Services is your turnkey solutions provider to obtaining and paying for the equipment you need to run your operation today.
